# AUSTRALIA GOES LOCAL

WITH LOCAL TRAVEL ON THE INCREASE THE TRAILER CATEGORY IS A MUST HAVE

## BASIC RANGE

This range covers the bare basics for trailer needs.

Ideal for areas where space is at a premium, as the range is designed for general wear and tear.

## STARTER RANGE

This is our recommended range for testing the market for trailer spares in your area.

This range suits basic needs for quick trailer repair, this range should give you an opportunity to gain sales momentum and set you up for our core range.

## CORE RANGE

This range caters for all of the ongoing maintenance, most of the urgent repair market and some of the upgrade market.

This is our recommended range for when you want to establish yourself as a destination for trailer spares in your area, it has most of everything you need and should give you the best chance to capitalise on sales opportunities.

## + EXTENDED

This extended range is designed to cover trailer upgrades including hydraulic trailer components.

WE'LL KEEP  
YOU ROLLING

## BOAT RANGE

The basic boat range, perfect for areas that have a high concentration of boat enthusiasts.

Add this to either the starter or core range to strengthen your trailer proposition.

## WINCH RANGE

Add this range to compliment any other range and add to your trailer in store presence.

## SPRING RANGE

Most popular springs on a self contained stand.

These springs are the common sizes for most trailers in the market.

Great way to expand your range or to solidify your position in your area.

## JOCKEY WHEEL RANGE

The jockey wheel stand is able to hold a variety of jockey wheel sizes.

Purchase the range or tailor the order to suit your needs.

Add this range to enhance your trailer in store presence.
