**BUILT TOUGH.
BUILT FOR TRADE!**

The beauty of Peerless' Oil-less range is its super quiet running decibels, clean air supply and its low maintenance costs.

Running at just 52 (+/-2) dBA the fully copper wound motor/pump lets you focus on the task at hand without the annoying background noise. This low noise factor makes the Oil-less a great option for various work scenarios with

greater noise restrictions. Oil-less air compressors are also becoming more and more popular in different service vehicles, especially with its compact and easy to use design.

Get the right Compressor that you can trust to do it right the first time!

CODE	MODEL	TANK SIZE	SILVER PRICE	RRP (INC GST)	5 BUY (EA)	10 BUY (EA)

INSTORE MERCHANDISING

We have been busy working on a new and improved way to add a point of sale for Dealers who carry a range of Peerless Compressors.

In the coming months we will be rolling out 32" TV's to our dealers who own a 2 Tier stand with a mount to feature our brand new instore videos with product features and benefits!

Ask your local representative to find out how to join the exciting program!
