Sutton Tools TradeSmart Digital Tradeshow Catalogue - additional 10% discount.

Dear TradeSmart Member,

Trust you're coping well as we work through coronavirus nationally and while regrettably TradeSmart 2020 conference was cancelled we welcome the opportunity to participate in our first Digital Tradeshow with TradeSmart.

Accordingly, we're offering a dedicated 29-page TradeSmart Digital Tradeshow Catalogue featuring many of Sutton Tools most popular selling ranges together with new ranges, with added incentive of Visa card rewards and confirm every purchase contributes towards your own F21 LTI targets,

We're offering special catalogue pricing, on average 5 - 12% below normal purchase price to the majority of ranges listed, with a further **10% discount** off the catalogue pricing for orders received through TradeSmart Digital Tradeshow Catalogue 11 - 18 Sept 2020.

As instructed by TradeSmart HO to qualify for the additional 10%:

- (i) You must view Sutton Tools video presentation between 5pm Friday 11 September & 5pm Friday 18 September 2020
- (ii) Include Sutton Promo Code to your purchase order
- (iii) Forward your purchase order to TradeSmart HO prior to close of business Friday 18 September 2020. Do not send purchase order direct to Sutton Tools

As a further incentive orders received from TradeSmart Digital Catalogue contribute towards **\$50 - \$400 visa card incentives**, equivalent to a further 5 - 8% discount off the 10% catalogue price.

While not imperative, we encourage you to place your digital catalogue order separately so you can tally the total purchase value in line with visa card incentive targets of \$1000 and \$5,000. We have supplied an excel order form to assist you with this process. Visa Card incentives are not fixed. Example \$7,000 invoiced purchased order will receive \$400 + \$100 = \$500

There are to three ranges in the attached catalogue that will be of specific interest.

- (i) Page 3: SM3 bonus Shaviv drill sets, normally \$99.00 Tradesmart Digital catalogue price \$89.10
- (ii) Page 6: Sutton brand new range Blue Hang pack Jobber drills, unlimited quantity at additional 10% discount.
- (iii) Page 17 - 19: New opening price point P&N Drill sets, Holesaw sets and accessories release July 2020

In summary:

All purchases contribute towards your own F21 LTI targets,

Additional 10% discount and visa card incentives apply to TradeSmart Digital Catalogue items only.

Include Sutton Promo code to your Purchase order

Forward Purchase orders to TradeSmart HO before COB 18 September 2020

We take this opportunity to thank you for your ongoing support to Sutton Tools and look forward to the mutual benefits with TradeSmart Digital Tradeshow. Should you require assistance or further information regarding this campaign, please contact your Sutton Tools representative.

Yours Sincerely

Robert Bartlett

SDS Max – Speeduster

Sutton Tools Speeduster SDS Max drills are designed for clean and fast drilling. The wide dust extraction holes allows faster drilling due to minimal blockage during drilling and can significantly extend tool life. For heavy duty drilling in reinforced concrete, concrete, granite, stone and bricks

- 100% carbide massive head system with 10 cutters for industrial strength drilling (22–35mm)
- Wide extraction holes allows immediate dust extraction with an attached vacuum via the connecting sleeves.
- ø35mm Connecting sleeve suits most industrial vacuum cleaners
- Excellent for drilling in spaces that need a clean environment e.g. hospitals or laboratories
- Clean holes also aids easier and stronger fastening.

LOCKJAW™

Lockjaw Pliers & Clamps

Traditional locking pliers and clamps require two hands to adjust the jaw opening for each task; LOCKJAW™ Self-Adjusting Locking Pliers and Clamps patented Set & Forget™ pressure control screw locking mechanism allows the jaws to automatically adjust to any size object for simple one-handed operation.

Whether grabbing something thick or something thin, LOCKJAW™ Self-Adjusting Locking Pliers and Clamps make jobs faster and easier.

Features

- Jaws locks automatically with highest tip pressure without needing adjustments
- Chrome Vanadium steel for durability and rust prevention
- Set and Forget™ pressure control sets desired clamp pressure from slight to extreme
- 15% thinner handle for easier grip and more power
- No pinch easy squeeze release lever stays locked until you release it
